RIP VAN WINKLE'S DREAM REALIZED AT CINCINNATI

This year's fight for the honor of entertaining the American bowling congress and staging the international bowling tournament in 1919 promises to be the hottest battle in the history of the organization. Afready the rep-resentatives of the bowling associa-tions of Detroit, Toledo and St. Louis have shied their casters into the ring by seeking headquarters at the Hotel Sinton, the official rendezvous for this year's meeting in Cincinnati, and it is promised that there will be other candidates in the field during the next few days, exhorting delegates to the Cincinnati tournament to refrain from making up their minds until the full quantity and quality of the "milk and hon-y" to be found in these respective cities is revealed to them.

Meanwhile, Cincinnati is making preparations to give visiting bowlers a welcome and a series of entertain-nents that will completely overshadow anything ever offered the pin knights of America anywhere. Under the able direction of Hon. August Herrmann, chairman of the national baseball commission and former president of the American bowling congress, the local committee has already made remarkable progress in laying out the entertainment program, as well as making preparations for the proper and perfect conduct of the tournament on the sixteen standard alleys which are being constructed in the spacious O. N. G. armory.

The complete program for the tour-nament and for the convention, including the distribution of \$30,000 in prize money, will be announced within the next two weeks. Entries for the various events close on Feb. 1. The date of the closing of entries for the wom-an's national bowling tournament, which will follow immediately after the A. B. C. meeting and on the same alleys, has not yet been announced.
